Ewon Security Enhancement

Impacted process
- Ewon TalK2M registration

Concerned devices
- Ewon xxxxCD family with a GSM modem
- Ewon FLEXY

Not impacted
- Ewon xxxxCD without GSM modem
- Ewon COSY 141

eWON Talk2M registration enhancement
In eCatcher, for concerned devices, registration using the activation key mechanism is not possible if the Ewon is already linked to a Talk2M account.

For these devices, as soon as the Ewon is registered into a TalK2M account, the only way to connect this Ewon to another TalK2M account is:
- Delete the Ewon on the old TalK2M account
- OR use the Ewon name registration mechanism
